Hosted by Gray Area

100% of the proceeds from this event to the [Bayview BOOM](#), a local organization teaching marginalized teens skills for engineering mastery and economic self-determination.

19:03:27 From Marian Wallace: Vale's computer here. we're not showing, should we be?

19:04:03 From Gray Area Creative Dev To Marian Wallace: Nope you are fine, Karen is going to play your video at the end

19:05:25 From Alexa Smith : Yay Anouk!

19:07:22 From The Thorminator :: awesome work

19:09:24 From Michael Lyons :: What do you use to make the smoke?

19:10:25 From The Thorminator :: You may want to reach out to Manufacturing Solutions Center in Conover, NC that is helping keep US textiles competitive

19:11:02 From The Thorminator :: They can help you test and mass produce your inventions

19:11:09 From The Thorminator :: wonderful work

19:16:16 From Anouk Wipprecht :: Hey @alexa hey @Jeff thanks for joining!

19:16:47 From karen marcelo : Speakers when you're doing QA stop sharing your screen so we see YOU :)

19:19:00 From karen marcelo To Anouk Wipprecht(private) : Hi Anouk you have a question in the QA tab :)

19:19:07 From Anouk Wipprecht :: Ok!

19:19:25 From Alex Glow : Love this~

19:19:26 From Anouk Wipprecht :: Are we answering Live in the end or shall I 'type answer' to them?

19:19:39 From karen marcelo :: Either way Anouk!

19:19:46 From karen marcelo :: You may get more questions at the end

19:19:52 From Anouk Wipprecht :: I'll answer him

19:20:23 From Anouk Wipprecht :: Okidokeli

19:20:24 From Alexa Smith : Can't see video
19:20:27 From Tyler :: can't see the video
19:20:36 From karen marcelo :: And we can't see you video
19:20:44 From Ken Murphy :: would love to see that vid

19:27:09 From Michael Lyons :: What are some of the innovative technologies the artists used?

19:29:45 From Alex Glow : Yeahhhhh Jayy!!! :D

19:29:59 From ted :: awesome!

19:30:02 From Alexa Smith : Great group of artists

19:30:19 From Spaceman Sam :: Yay robots!

19:30:44 From Anouk Wipprecht :: Yay robots! Awesome Jorvon

19:31:14 From Anuradha Vikram : the two performance videos I could not show you are on my IGTV <https://www.instagram.com/curativeprojects/channel/>

19:31:55 From Tyler :: they're so cute

19:32:02 From Jonathan Foote : Thank you Anuradha! There was a q for you in the chat of you scroll up

19:32:08 From Gray Area Creative Dev : Thank you for sharing, amazing work, I would love to see more of these open galleries.

19:32:25 From Gustavo Rincon :: Thank You!

19:32:33 From Gustavo Rincon : Great Talk

19:32:35 From The Thorminator :: If interested in future panelist- I invented a 50 pound hammer called the Thorminator because it looks like it came from the past and the future because it has over 1000 LED lights. Over 16000 people from all over US have seen if they are worthy to pick up the Thorminator . It has helped get kids more excited than just play with cell phones but also pick up tools.

19:32:50 From Anuradha Vikram : we did have an artist, Nancy Baker Cahill, who used AR for her project

19:32:56 From Gustavo Rincon : I love the look. Cool! Were can I find a smart robot.

19:33:23 From The Thorminator :: love these robots-

19:33:49 From karen marcelo :: Jayy has lots of time left!

19:34:03 From Alex Glow : I put one in the Q&A!

19:34:06 From Michael Lyons :: What are robots capable of?

19:34:08 From Alex Glow : Hey Jayy, what is your design process like? How do you choose what to build?

19:34:12 From Tracy Swedlow :: Can it walk with you?

19:34:30 From Gustavo Rincon : Ditto on the last question.

19:34:36 From Spaceman Sam :: Do they talk?

19:35:20 From Nina Waisman :: For Jayy, do you ever set up scenes or narratives w/multiple bots?

19:36:08 From Jono Spiro : Yay Glowascii!

19:36:19 From Alex Glow : Yooo Jono! :D

19:36:37 From karen marcelo :: Jay has 2 minutes left! Show us your steampunk watch too! :)

19:36:49 From Gray Area Creative Dev :: Graham Plumb you're up next

19:36:52 From Alex Glow : It's impossible for Jayy to make a robot that isn't cute

19:37:05 From Anouk Wipprecht :: hahaha jaaaa

19:37:06 From Spaceman Sam :: Yay Steampunk!

19:37:20 From Ron Twist :: That was an awesome talk! Thank you vm for the inspiration!

19:37:21 From Anuradha Vikram : Jay the way you work is so artistic and it also shows how well you understand the tech that you don't design around it

19:37:29 From karen marcelo :: Anuradha is also based in LA!

19:37:32 From Anuradha Vikram : Anouk I should say the same for you, awesome presentations

19:38:22 From Anouk Wipprecht :: It's a cool club together! (Karen x Gray Area - awesomeeee - thanks for organizing this!)

19:40:06 From Raj Kumar : Some good pics of Jay's work:

19:40:08 From Raj Kumar : https://www.instagram.com/odd_jay/

19:40:24 From Gray Area Creative Dev :: Thank you for joining us Anouk!

19:42:03 From ted :: wow man, heavy

19:42:19 From Alex Glow : OOOOHHHHH SHINY

19:42:51 From ted :: :O

19:43:02 From Tom Z :: why not use electro-magnets instead of moving permanent magnets?

19:43:37 From karen marcelo : I just want to mention graham works with this ferrofluid on white carpet that is spotless :)

19:44:03 From Bruna :: wow

19:44:05 From Anuradha Vikram : also the project has its own IG at @drive_by_art where you can see all the different artists work from all three weekends on both coasts. and a website drive-by-art.org

19:44:31 From Anouk Wipprecht :: @Alexxxx! Hugs to Glowie

19:44:47 From Tyler :: wow that magnetic display is amazing. is it possible to touch it, maybe use it as a tactile touchscreen?

19:45:04 From Tracy Swedlow :: Reminds me of the movie "Under the Skin" with Scarlett Johanson.

19:46:04 From Anouk Wipprecht :: @Graham that's awesome.

19:46:04 From Michael Lyons :: I think NASA developed ferro fluids with the intent to pull oil and fluids through systems in zero G.

19:46:40 From Jonathan Foote :: OK going to sneak John from BOOM in before Tom. Tom you are on deck

19:58:41 From karen marcelo : Many thanks to Gray Area for hosting us - please support them too! <https://grayarea.org/support/>

20:01:27 From Gray Area Creative Dev :: @Spaceman Sam you're up next!

20:02:35 From karen marcelo :: Marian and Vale I emailed you the link so you can sign in and be seen!~. check vale's email

20:02:44 From Jono Spiro : *clap*

20:03:02 From karen marcelo To Marian Wallace and All Panelists : Marian and Vale I emailed you the link so you can sign in and be seen!~. check vale's email

20:03:22 From skot kuiper :: alla these are great, thanks speakers grey area, jonathan and karen!

20:03:28 From Michael Lyons :: Are there instructions or details on your site?

20:03:41 From John, BOOM :: fantastic Tom!

20:04:29 From Tom Z : MP3 Arduino code and instructions ...
<http://educ8s.tv/arduino-mp3-player/>

20:04:30 From Michael Lyons :: Thanks for copying the links, because Zoom won't let us copy links from the chat.

20:04:33 From Anouk Wipprecht :: Yayyy Sam!!

20:06:35 From karen marcelo :: Hi Tom you have a question from Alex Glow in the QA section

20:08:29 From Doc Pop :: Oh hey, it's my bald head

20:08:49 From karen marcelo : Yay doc pop!

20:10:28 From John, BOOM To Michael Lyons and All Panelists : you can drag across text to select it

20:12:27 From Anuradha Vikram : yeah they tried that when colonizing the earth too but it didn't work out very well

20:12:36 From Gray Area Creative Dev :: Tracy Swedlow you're up next

20:15:49 From Tom Z :: You can simulate 0 g by making a box with a go pro camera in it with your cup, then drop it off a building.

20:16:40 From Spaceman Sam :: Thats a one way trip!

20:17:02 From John, BOOM :: terrible waste of a cocktail.

20:22:30 From Gray Area Creative Dev To Marian Wallace and All Panelists : Hi Marian, I can upgrade you to a panelist so that you can introduce your video if you like

20:25:27 From kevin :: wow

20:26:26 From Anouk Wipprecht :: Thanks Tracy! Awesome loved your digital mask face thing effect!

20:26:32 From karen marcelo :: Yay Tracy

20:26:39 From kevin :: it's really great to see updates from all on their projects and new ones / people that I've not known of before.

20:26:53 From Tracy Swedlow :: Thanks, Anouk! I love your work.

20:27:06 From Anouk Wipprecht :: <3

20:27:23 From karen marcelo : Can anyone with Vale or Marian's number text them to check vale's email? In it is the link so they can get on and intro their protest song

20:27:31 From karen marcelo : Tahoe horrible cel connection

20:27:45 From karen marcelo : Vale called me but couldn't hear me

20:28:00 From karen marcelo : Vale or Marian if you can see this - check vale's email!

20:28:25 From Tom Z : I'm part of nerdswithoutborders.net

20:30:10 From Michael Lyons :: Just spoke with Marian and relayed the information.

20:31:24 From Tom Z : Is it practical to do water electrolysis to generate oxygen? It probably consumes too much electricity.

20:31:35 From karen marcelo : Thx Michael L!

20:32:29 From kevin :: I just spoke to Miriam and Vale and told them to check their email and I think they were on the general zoom and not the presenter one.

20:32:42 From babaLou :: I can try and text Vale if the need is there.

20:33:31 From karen marcelo :: Haha I see a bunch of karen's logged in - is one of me - vale and marian? :D

20:33:58 From Anouk Wipprecht :: <httpS://formstack.io/AA0B6> (copying it here too for Phil

20:33:59 From babaLou :: I texted Vale. Hi Karen, well bad reception happens when you move to the boon docks.

20:34:55 From karen marcelo To babaLou and All Panelists : thanks Babalou - I see a bunch of me logged in -=they may be one of the Karens - tell them to start video :)

20:42:17 From Jon Sarriugarte :: thanks all

20:42:22 From Sun : Brilliant RE/SEARCH

20:42:27 From Anuradha Vikram : thanks everyone!

20:42:54 From Anouk Wipprecht :: Awesome evening, thanks for organizing!

20:43:11 From Phil Bowman (EWB) To karen marcelo(private) : Karen - thanks again for letting me participate. Very interesting evening!

20:43:37 From Doc Pop :: Thanks for mc-ing jon

20:46:12 From Anouk Wipprecht :: Jon! Bruna! Oh jeez miss ya all at that coast!

20:46:52 From Jonathan Foote :: Panelists! Thank you so much! ou are not obligated to hang out any longer than you want to :) :)

20:48:35 From skot kuiper : hiyall on a desktop so just listening in. still busy here in the wormhole converting a dilapidated trophy shop into a facility. hoping to open the theater it may turn out no one is ever able to attend. jonathan thanks for hosting ya look great!

20:50:04 From skot kuiper : yeay anouks dresses continue to be phenomenal!

20:52:18 From John, BOOM : Thank you presenters and organizers. Wot a yuge event!

20:52:30 From karen marcelo To Tracy Swedlow(privately) : Thanks tracy!

20:53:12 From karen marcelo : Thanks John, BOOM -for all your good work!

20:53:12 From gaspo gaspo :: thanks to all the creators for sharing!

20:57:15 From James Young :: Hey Thorminator! You should say something so you appear on screen

20:58:10 From Susie Kameny : Does it keep your drink cold?

21:00:45 From skot kuiper : replaced a tweeter recently and had to add ferrofluid between the housing and cone, it was neat just sucked it out of the packet. and that stuff is expensive!

21:04:00 From Michael Lyons :: @Skot, I've seen instructions for making ferro fluid. Basically oil and iron filings

From The Thorminator : enjoyed it everyone- Keep on Thorminating- getting more excited about working with tools! Bye from North Carolina

21:14:23 From Vale and Marian: we'll sign out now. You know where to find us! Thanks for all. -Vale & Marian
